

Calvin C. Wilhide, III

Postdoctoral Fellow

10/03/63

Clemson University, Clemson, SC

Ph.D. 1989

Microbiology

Loyola College, Baltimore, MD

B.S. 1985

Biology

#### Honors

Dean's list

Tri-Beta Honor Society

Officer in Graduate Student Government Association

Chemistry Club and Microbiology Club

#### Experience

1991- Postdoctoral Fellow, The Johns Hopkins Oncology Center, Laboratory of Dr. Robert W. Tucker

1989-91 Postdoctoral Fellow, Molecular Biology, Genetics and Oncology: The Johns Hopkins School of Medicine, Laboratory of Dr. H. Shin.

#### Abstracts and Publications:

Both Cellular and Humoral Factors are Responsible for Changes in Immunocompetence of Cancer Patients Undergoing Chemotherapy. C. Wilhide, T. Morris, L. Larcom, and R. Brooker. Eighty-Ninth Annual Meeting of American Society of Microbiology, New Orleans, Louisiana, May 1989.

Early Signals Involved in Platelet-Derived Growth Factor Stimulated Mitogenesis of 3T3 Cells. C. Wilhide, M. Webster, R. Tucker. 1991 UCLA Keystone Symposia

Wilhide, Calvin C., Larcom, Lyndon L. Serum versus cellular contributions to decreased immunoresponsiveness of aged individuals. Gerontology Review (submitted).

Wilhide, Calvin C., Larcom, Lyndon L., Brooker, Reginald Cellular and serum contributions to immunosuppression in cancer patients (in progress).
