The Franklin County Prevention Institute, a nonprofit organization of FRANKLIN COUNTY, OH released 8/20 recommendations to "curb youth smoking" including plans to restrict advertising and promotion of tobacco products within 1,000 ft. of schools, playgrounds and amusement centers, limit ads to "tombstone" text in publications with significant youth readership, and place tobacco products behind the counter.

The MIDDLETON, MA Board of Health is scheduled to hold a public hearing 9/2 on a proposal banning smoking in restaurants and bars and revising tobacco retailing measures by increasing the tobacco license fee and the penalties for violations on sales to minors.
