Kasser Is Awarded Research Fellowship

Irvin Kasser, son of Mr. and Mrs. Alexander Kasser of 2800 Princeton Pike, has been awarded a Summer fellowship to conduct scientific research at Washington University School of Medicine in St. Louis.

The award was made on the merit of the research project Kasser originated and submitted to a faculty committee for consideration. The work will be conducted under the supervision of Dr. George Sorenson, instructor in pathology.

The fellowship program is supported by departmental training grants and by grants from the U. S. Public Health Service, Lederle Laboratories and the Tobacco Industry Research Committee.

Kasser, who will begin his senior year at the Medical School in September, attended Princeton University, where he received the bachelor of arts degree.
