Dear Sir.

I would like to know if your going to have any more programs on the Winston Proof 2 Cigarette. I really enjoyed that I got about 2 of just about every item you had. Including the Thomas Ranch pool sticks spirit of St. Louis Blanket. I gave them to my children. Every item has so much quality. I have about 500 more Proof #2 can I use them for anything. I've been a Winston smoker all my life. I'm 58 I started smoking at the age of 21. If you quit making Winston I'd quit smoking. I'm this world today. The smoke from Pot doesn't bother people or auto's and factories. But the smoke from a good cig. does. You know why. Because the News' Media tells them it does. The problem is the Government don't want any Co. getting bigger than they are. Cig. don't ruin your health. Newt and Cole do.
