To Whom it may concern,
I'm so glad the trial turned
out like it did. #15555

I've been a smoker, since I was
16. I'll be 69 13th day of May.

I've had my lungs burned with
anoxia + bleach. I was born with
bronchitis. If I did get something
wrong, I wouldn't blame it on
cigs. I know people with
lung cancer that never smoked.

I thought I'd write & let
you know I shared in the good
news. If it means anything.

P.S. If you can't read this, it means
I'm trying to get it out before the mail man.
