

Sukkid Yasothornsrikul

Postdoctoral Fellow 12/22/61

Mahidol University, Bangkok, Thailand	B.A.	1984	Biology
Mahidol University, Bangkok, Thailand	M.S.	1987	Biochemistry
Kansas State University, Manhattan, Kansas	Ph.D.	1993	Biochemistry
Dana-Farber Cancer Institute, Boston, MA	Post-doc	1993	Molecular Genetics

Research and Teaching Experience:

- 1984-1985 Research Assistant, Center of Molecular Genetics and Genetic Engineering, Institute for Research and Development in Science and Technology, Mahidol University, Bangkok, Thailand
- 1986-1987 Part-time Research Scientist, Center of Molecular Genetics and Genetic Engineering, Institute for Research and Development in Science and Technology, Mahidol University, Bangkok, Thailand
- 1987 Laboratory Instructor, Workshop on DNA cloning, Kasetsart University, Kamphaengsaen, Nakomprathom
- 1987 Laboratory Instructor, BOSTID Research Program - Mosquito Vector Research: 3rd Coordination Meeting, Bangkok/Pattaya
- 1987 Laboratory Instructor, Workshop on DNA Probes for Diagnosis and Vector-Parasitic Detection, Department of Biochemistry, Faculty of Science, Mahidol University, Bangkok, Thailand
- 1987-1988 Research Scientist, Department of Biochemistry, Faculty of Science, Mahidol University, Bangkok, Thailand
- 1988 Supervisory Committee and Laboratory Instructor, Workshop on Plasmid DNA and Its Isolation, Faculty of Agro-industry, Kasetsart University, Bangkok, Thailand

Fellowships

- 1986-1987 Graduate Fellowship, Faculty of Graduate Studies and Faculty of Science, Mahidol University

Publications

- Yasothornsrikul, S., Tungpradabkul, S., and Panyim, S. (1986). species specific DNA probe for identification of *Anopheles dirus* sibling species D. Proceedings of the 4th Federation of Asian and Oceania Biochemists Congress, ICSU Press, pp. 142-143.
