Chester's doing OK; feels like it wants to come out of place. How's Rick--no back pain or kidney stones I hope.

Kevin O. suggested you ask DB how "footers" on presentations should read.

PM USA Presentation to PMI Senior Management - April 12, 2002 ?

PM USA Operations Presentation ...

PM USA [specific dept name] Presentation ...

substitute "update" for "presentation" ?

In reviewing presenters, it's certainly not just RD&E. I've tried to think of all the possibilities.
